

NOT SO.

The Carson APPEAL says "many leading Republicans are urging Governor-elect Colcord to appoint Judge Thos. H. Wells as his Private Secretary. In view of the Judge's defeat by certain Republican leaders it would be a graceful act to tender him the appointment. Besides, Judge Wells is one of the most thoroughly equipped men for the position in the State." —Journal.

As a matter of fact the Carson APPEAL has never said anything of the kind, and would not under any circumstances.

This is not the only attempt made to force this journal into an endorsement of Judge Wells, and if it continues we will be compelled in self defense to resort to some pretty plain Anglo-Saxon to express our views in the matter.

The attempt to manufacture sympathy for Judge Wells and charge his defeat to party treachery, is the most impolitic thing that his fool friends can indulge in.

We do not know of any leading Republican urging Judge Wells' appointment, but would suggest that as he was once Private Secretary for Governor Blaisdell, that an endorsement from that gentleman would be quite a sufficient recommendation for all political purposes.

Generous George.

Ex-Congressman George Cassidy writes a letter to the Chronicle in which he says he will not contest Bartine's seat. He also says that the Republicans bought votes by the wholesale and the Democrats at retail. Mr. Cassidy is very generous to allow Bartine to go to Congress, and his goodness of heart will be long and gratefully remembered by the people of Nevada.

Congressman McKinley tells the people nothing new in saying that it was not the new Tariff law, but the misrepresentation thereof, which helped defeat Republicanism in the recent election, but it is well to reiterate that fact to keep it before the public. Democracy won by virtue of economic conspiracy in which importers join hands with Democratic politicians. When the real working of the McKinley law shall be known, the people will remember the fraud that has been practiced upon them, and punish the perpetrators at the polls.

The McKinley bill increases the duties on the following farm products, barley horses and mules, flax, flax seed, eggs, cheese, potatoes, peas, beans, hay, hops, cattle, sheep, other live animals, malt, oatmeal, wheat, wheat flour, butter and condensed milk, which farm products we import last year to the value of \$45,530,523, thus giving profitable employment to a great number of British ships.

The season for murdering aged farmers has fairly inaugurated, and two have been taken into camp up to date. The only moral there is about this is that a farmer as soon as he gets aged, should move to town and take his chances of blowing out the gas, which is a much easier death than getting braided with a hammer or receiving an ounce of lead in his bowels. —Gazette.

It is now claimed that the Stockton pastor who gave a number of women away in his congregation was drunk. The old Latin adage that there is truth in wine appears to fit his case like the paper on the wall.

Will the Democratic House adopt Reed's rules next session? If so it stultifies itself. Therefore we have every reason to believe that Reed's rules will be adopted.

It "shocks" snobbish Americans in London to see the Marquis of Londonderry's coal carts all over the city, each and every one painted to show to whom it belongs.

THE MANHATTAN

Life Insurance Co.,

OF NEW YORK.

ASSETS - - \$12,000,000.

BETTER THAN A

GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.
